In March of 2020, Pope Francis approved a new Directory for Catechesis. Two distinct features of the new directory are its focus on the close connection between evangelization and catechesis and the call for the Church to assist families in their call to be the first catechists of their own children. Guided by this wisdom, the following are the options for formation for the 2023-2024 catechetical year.

Families Forming Disciples is a family-focused, thematic/activity approach to faith formation. Utilizing the Archdiocese of Atlanta session plans, groups of families meet with catechists twice per month (Once in-person & once virtually) to encounter the Lord together and to encourage each other to live as the Domestic Church in and through their home and family life.

Discover is a catechist led/family supported approach to faith formation. This exciting program is designed to help children fully engage in the process of discovering and growing in the richness of their Catholic faith, making deep faith a central part of their everyday lives. *The Catholic Children's Bible* is the core text of this program, rooting the key concepts of each chapter in Scripture.
